

MODULKAR®

ModulKar is a handtruck built from robust high-strength stairclimber components. Basically the LiftKar SAL without a motor. Modular design means virtually all components can be changed. As a result, the **ModulKar** can be optimised for a wide range of transport situations. The maximum load capacity is 300 kg.

The patented tube cross-section with double centre web means bolts can go right through. The groove on the inside provides extra rigidity. The heavy-duty wheel mountings in combination with the connecting axle being just 8 cm above the ground makes it easy to tilt. Only one spanner is required because the same TORX bolts are used throughout. A synthetic washer together with a spring washer prevents the folding toe plate from clattering. Wheel changes are easy with the bolted two-piece rim. Puncture-proof tyres can be fitted as an alternative. Wheel changes are Formula 1 style using just one bolt. The wheels are mounted on industrial-class ball bearings.

08

UNBEATABLE ADVANTAGES TO CONVINCE YOU

- 01** extremely strong, patented tubular cross-section
- 02** easy wheel changing using just one bolt
- 03** customizable for all transport situations
- 04** extremely strong wheel brackets
- 05** connecting axle with support strut for rigidity
- 06** innovative rattle free foldable toe plate mounting
- 07** two-piece wheel – mounted on ball bearings
- 08** new ergonomic design

BASIC

MODULKAR 025725
 COMPACT
 LOOP GRIPS
 (incl. standard toe plate)

- height adjustable grips
- toe plate foldable/fixe
- weight: 9,6 Kg
- dimensions:
 H: 1306 x W: 487 x D: 275 mm
- for loads up to 300 kg
- optional advertising panel

BOXER

MODULKAR 025720
 LOOP GRIPS WITH
 HAND GUARD, INCL.
 ANGULAR STAIR
 GLIDERS
 (incl. standard toe plate)

- height adjustable grips
- stair gliders made of aluminum tube with nylon profile (they can be changed using clip system)
- toe plate foldable/fixe
- weight: 11,2 Kg
- dimensions:
 H: 1306 x W: 507 x D: 369 mm
- for loads up to 300 kg
- optional advertising panel

BOXER PISTOL

MODULKAR 025703
 PISTOL GRIPS,
 INCL. ANGULAR
 STAIR GLIDERS
 (incl. standard toe plate)

- grips/stair gliders made of aluminum tube with nylon profile (they can be changed using clip system)
- toe plate foldable/fixe
- weight: 10,6 Kg
- dimensions:
 H: 1306 x W: 487 x D: 379 mm
- for loads up to 300 kg
- grips fitted using stainless steel clamps
- optional advertising panel

AQUA

MODULKAR 025726
 WATER BOTTLE TRUCK, LOOP
 GRIPS WITH HAND GUARD,
 INCL. ANGULAR STAIR
 GLIDERS, FOR 7 BOTTLES

- especially ergonomic
- for 7 bottles
- 5 foldable trays
- stair gliders made of aluminum tube with nylon profile (they can be changed using clip system)
- weight: 17 Kg incl. trays
- dimensions:
 H: 1358 x W: 507 x D: 730 mm
- optional advertising panel

AQUA PISTOL

MODULKAR 025718
 WATER BOTTLE TRUCK,
 PISTOL GRIPS,
 INCL. ANGULAR
 STAIR GLIDERS,
 FOR 7 BOTTLES

- for 7 bottles
- 5 foldable trays
- grips/stair gliders made of aluminum tube with nylon profile (they can be changed using clip system)
- weight: 16,1 Kg incl. trays
- dimensions:
 H: 1357 x W: 487 x D: 742 mm
- grips fitted using stainless steel clamps
- optional advertising panel
